Course Location

OTA The Koomar Center
74 Bridge St
Newton, MA 02458

Travel:

Boston Logan International Airport is the nearest location to fly into and is about a half hour cab from the course location. There is nothing totally direct and something like a Lyft, Uber, or taxi would be the most direct. If you are comfortable on time and would like to explore, the Silver Line will take you downtown from the airport, but from there you will still have to catch a lift service or bus to the location.
