10:45 am-12 pm	Intro to Assessing Sensory Perception Review Lessons 3 Intro to Assessment of Sensory Perception Review Lesson 4 & 5 Assessment of Tactile Perception Tests: 16 Tactile Perception: Localization (TP: L); 17 Tactile Perception: Designs (TP:D); 18 Tactile Perception: Shapes (TP:S); and 19 Tactile Perception: Oral (TP:O)
12:00-1:00 pm	Lunch
1:00-2:00 pm	Practice Tests: 16 TP: L; 17 TP:D; 18 TP:S;19 TP: O
2:00-2:30 pm	Common questions with tactile tests Review Lesson 6 Introduction to Assessment of Proprioception; 14 Proprioception: Joint Position (Prop: JP); 07 Proprioception: Force (Prop: F)
2:30-2:45 pm	Break
2:45-3:30 pm	Practice Tests 14 Prop: JP and 07 Prop: F

3:30–4:00 pm	<p>Common Questions Proprioception Tests</p> <p>Homework: Over the course of the evening and next morning, pause during an activity in which you realize you made some automatic actions or adjustments based on tactile perception or proprioception; come prepared to share at least one example.</p>
4:00-4:30 pm	Open practice- review any tests for which you needed more time
Day 2: June 21	
9:00–10:30 am	<p>Discuss homework and questions about Day 1</p> <p>Review Lesson 7 Assessing Vestibular Function</p> <p style="padding-left: 40px;">12 Vestibular Nystagmus (V: N)</p> <p>Review Lessons 10, 11, & 12 Assessing Ocular, Postural and Bilateral Integration Functions</p> <p style="padding-left: 40px;">08 Ocular: Motor & Praxis (O:M& Pr); 05 Postural Control; 06 Balance;</p> <p style="padding-left: 40px;">10 Bilateral Integration</p>
10:30-10:45 am	Break
10:45-11:45 am	<p>Practice Tests</p> <p>Review VN together;</p> <p>Practice 05 PC; 06 Bal; 10 BI; 08 O:M&Pr</p>
11:45–12:30 pm	<p>Common questions VN, 05 PC; 06 Bal; 1</p> <p>Review Assessing Visual & Auditory Perception Lessons 8 & 9</p> <p style="padding-left: 40px;">02 Visual Perception: Search (VP:S) and 15 Auditory: Localization (A: L)</p>
12:30–1:30 pm	Lunch
1:30-2:30 pm	<p>Practice Tests</p> <p>02 VP:S and 15 AL</p>
2:30-3:00 pm	<p>Common questions 02 VP:S and 15 A: L</p> <p>Review Introduction to Assessing Praxis</p> <p>Lessons 13-14; 16</p> <p style="padding-left: 40px;">04 Praxis: Positions (Pr:P); 11 Praxis: Following Directions (Pr: FD)</p>
3:00-3:15 pm	Break
3:15-3:45 pm	<p>Practice Tests</p> <p>04 Pr:P; 11 Pr: FD</p>

3:45-4:00 pm	Common questions Pr:P and Pr:FD or team practice as needed HOMEWORK -Over the course of the evening and next morning, pause during an activity in which you realize you made some automatic actions or adjustments based on vestibular function or think about an action that used praxis; come prepared to share at least one example
4:00-4:30 pm	Open practice- review any tests for which you needed more time

Day 3: June 22

9:00-10:30 am	Review tests/questions from Day 2 Review Sample Hypotheses Review Lessons 13, 17 09 Praxis: Sequences (Pr:S); 03 Praxis: Ideation (Pr: I)
10:30-10:45 am	Break
10:45-11:30 am	Practice Tests 09 Pr:S; 03 Pr:I
11:30-12:15 pm	Common Questions Pr:S and Pr:I Review Lesson 14 & 15 Assessing Visual Praxis Review 01 Visual Praxis: Designs (VPr:D); 13 Visual Praxis: Construction (VPr: C)
12:15-1:15 pm	Lunch
1:15-2:00 pm	Practice Tests Practice 01 VPr: D; 13 VPr: C
2:00-2:45 pm	Common Questions VPr: D and VPr:C Review Lessons 18-19 Assessing Sensory Reactivity Sensory Processing Measure 20 Sensory Reactivity (SR) Review Day 4 Plan
2:45-3:00 pm	Break

3:00-3:30 pm	<p>Practice Tests Practice 20 Sensory Reactivity (SR) and review how to use SPM Review “putting it all together”-facilitating the testing session Make plan for Day 4</p>
3:30-4:30 pm	Common Questions 20 SR and SPM; prepare for Day 4
